

# LUCIA | LED UNDER CABINET

The Lucia series offers a cost effective LED lighting solution with multiple knockout locations for easy and quick installation. It includes a diffused frosted lens, which allows for an even light distribution.

Ideal for use under cabinets, closets and work stations and more.

## FEATURES

- Integrated driver
- Aluminum construction
- 3 color temperatures with selectable CCT switch
- Large wiring cavity for easy wiring installation
- Multiple 1/2" knockout locations

| LENGTH | MODEL           | LIGHT OUTPUT | WATTAGE | VOLTAGE | COLOR TEMPERATURE | CRI  | LIFETIME     | AVAILABLE FINISH | LIMITED WARRANTY |
|--------|-----------------|--------------|---------|---------|-------------------|------|--------------|------------------|------------------|
| 8"     | UNL50DIM-CCT-8  | 300 LM       | 5 W     | 120 V   | CCT: 3K, 4K & 5K  | ≥ 80 | 50,000 HOURS | WHITE            | 5 YEARS          |
| 12"    | UNL50DIM-CCT-12 | 450 LM       | 7 W     |         |                   |      |              |                  |                  |
| 21"    | UNL50DIM-CCT-21 | 1000 LM      | 14 W    |         |                   |      |              |                  |                  |
| 30"    | UNL50DIM-CCT-30 | 1250 LM      | 18 W    |         |                   |      |              |                  |                  |
