

# 200 SERIES PINNACLE

## LED SPECIFICATION GRADE 24V TAPE LIGHT

NDR Pinnacle **200 Series** LED Tape Light offers industry specification grade technology providing a full range of colors, including RGB and adjustable CCT. It also includes a wide range of white light spectrum, ranging from the warm 1800K to very cool 6500K color temperature. It features a thin **Nano-Skin** coating technology giving this product a durable protective layer and an IP54 damp location rating.

Well suited in applications which are exposed to moisture, such as: hospitality or residential bar designs, covered gazebos, roofed patios, indoor marine boat installations, or any protected areas not exposed to direct contact with water.

### FIELD CUTTABLE

Can be cut every 4"

### RGB & TUNABLE WHITE

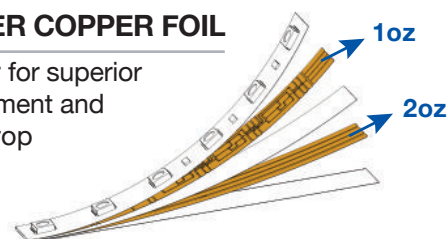

From 1800K-6500K and everywhere inbetween

### NANO-SKIN TECHNOLOGY

IP54 rated for damp locations

### DOUBLE LAYER COPPER FOIL

3oz pure copper for superior thermal management and lower voltage drop

### FEATURES

- RGB & Tunable White CCT from 1800K to 6500K
- Full range dimmability with NDR controller
- 3oz Copper per sq. ft. – Specification Grade
  - Thicker layer offers less electrical resistance and voltage drops
- 3-Step MacAdam LED binning
- Cuttable every 4"
- Maximum run – 16.4ft (5m)
- 3M™ mounting tape
- IP54 rated – Damp location
